/ COFFEE

We have worked closely with Loaded roasters to create an espresso coffee that is approachable, delicious, and full of character. Our coffee is a pulped natural from the Kaparaó region of Brazil, developed to bring out a rich, chocolatey flavour with plenty of body. It makes for a flavoursome, satisfying espresso, and a sweet, hearty coffee with milk.

Our filter coffee is a naturally processed coffee from Yirgacheffe in Ethiopia. It is vibrant and sweet, with notes of red berries and toffee, and a gentle acidity that lingers in the mouth.

For a special filter coffee experience, ask our barista to brew a carafe of fresh, delicious coffee for you at your table.

/ CHOCOLATE

Mörk hot chocolate is brought to us from Melbourne. With a focus on specialty, ethically sourced chocolate, they create blends of pure cacao, finely grated dark chocolate, and organic coconut blossom sugars to create a truly indulgent drink.

Our blend is 70% cacao, so it is sumptuous and satisfying.

We also offer a lighter blend of 50% cacao, for customers who are after a lighter cup.

Ripple Effect Tea is a local company, specialising in importing the highest quality teas. Organic and from single origins where possible, these teas and infusions offer a real experience in the cup.

Ruby Breakfast / Satisfying & Energising

Rise and shine with the ultimate breakfast blend made from 100% organic high-altitude pure Ceylon Tea Leaves. Ruby red in colour, Ruby Breakfast is brisk and full-bodied with distinctly sweet vanilla and woody aromas, subtle citric acidity, and a gentle bittersweet finish.

Moonlight Rose / Delicate & Calming

Indulge in the calming effects and gentle intricacies of this minimally handled ancient and wild White Tea combined with aromatic Organic Rose Petals. Like the shades of the moon, the appearance of the dry leaves are white on one side and shadowy black on the other, giving it a striking appearance. Moonlight Rose has soothing floral tones with hints of stone fruit and a delicately sweet finish.

Soul Chai / Heartfelt & Comforting

Paying tribute to an ancient Indian custom, we bring you our best version of this traditional spiced Black Tea. A selection of 100% organic, sweet, and warming spices are freshly ground and hand blended into each batch of Soul Chai. Bursting with flavour and full of natural sweetness, it is designed to create a full flavoured chai latte without the need for additional sweeteners or powders.

Honey I'm Home / Heart-Warming & Soothing

Unwind and savour the fine balance of artisanal hand-crafted Yunnan Black Tea, combined with Chrysanthemum, Calendula, and Chamomile. This delicious blend has smooth milk chocolate and vanilla flavours, with gentle florals and a lingering honey-like finish.

Herb Garden / Refreshing & Uplifting

A thoughtful mix of some of the most loved aromatic and healing organic herbs. Herb Garden is a fine balance of sweet, spicy, floral and citrus with a thick full body, refreshing taste and surprisingly sweet finish. A tisane designed to ignite your taste buds and provide a delicious caffeine-free boost that can be sipped any time of the day.
